## EDUCATION

Computer Science

University of Engineering and Technology - Vietnam National University

09/2016 - 07/2020   *3.17/4*

WORK EXPERIENCE

Mobile Software Engineer - UI/UX Designer
EMDDI JSC

06/2019 - Present   *Hanoi, Viet Nam*
Ride-booking platform
Build Emddi Customer 2.0

- Maintain customer and driver apps with iOS Swift

- Hey and Hey Driver app iOS/Android (React Native): Design UI/UX, API system design with backend dev, implementation of system requirements, building 2 client applications at the same time, driver for both android/ios versions

- Rewriting: Decided to rewrite the client app entirely in react native. I worked from taking the new functional requirements, designing the UI/UX interface, and porting that interface from Figma to the React native app. Deploy apps on both iOS/Android platforms. Optimized mapview performance with multiple markers for both iOS/Android platforms. Use socket to get latest trip status

- Design UI/UX for Emddi web app version. Build a web app version for the client app, using NextJS and react-native-web. Optimize app experience similar to mobile app. Integrate web app into 3rd party application.

Web app Design : *https://scene.zeplin.io/project/6112dbd6774efe87df508345*

Mobile Developer Part-time
Butta Tech

12/2019 - 04/2020
Buddhist social network app
Build social networking features

- Build newsfeed, comment, holiday event, videos feed (like TikTok), music, stories, weather modules

- Custom keyboard view to sticker, emoji, image picker. Design UI/UX and build lunar calendar feature, custom from react-native-calendars, design and build new year holiday version for this feature.

SKILLS

React Native   iOS Swift   ReactJS   Figma

UI/UX Design   Flutter   NextJS   Web3

Solidity   NodeJS

PERSONAL PROJECTS

Game - Who is a millionaire (React Native) (03/2019 - 05/2019)

Beeguru Social-Learning mobile app

CERTIFICATES

English B2 Level (03/2018 - 03/2020)

Data Science Track - Facebook Developer Circle 2020 (05/2020 - 09/2020)

LANGUAGES

English
Professional Working Proficiency

INTERESTS

Music   Technology   UI/UX   Product design
